
SALES BULLETIN

Bulletin No. 08-05
July 31, 2008

To: ITW Ransburg Distributors

Subject: Vector R70, R90 & Solo Fluid Nozzle

Effective immediately, we are now shipping the .055 (1.4 mm) fluid nozzle (P/N 79377-44) with all Vector Manual Applicators (P/N 79500, 79501, 79523, 79503, 79504, 79520 & 79900). The .070 (1.8 mm) fluid nozzle (P/N 79377-45) will still be available for separate purchase, but will no longer be shipped as the standard configuration on Vector units.

Please note that the air cap (P/N 79374-65) has not changed and is still supplied as the standard configuration.
